### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims are allowed bases on a number of arguments presented under the heading "Remarks"( see pages 6-7) were persuasive. It is agreed that the prior art does not teach or suggest the combination limitations of forming high-density circuit layers on a substrate by using the PCB technology, and wherein each of the circuit layers having a meander structure for providing a current to flow in opposite directions, is designed and formed on the PCB. Thus, the magnetic field is induced in different directions among the circuits to generate an alternate magnetic pole distribution, etc., as recited in the present invention's claims (see claims 7 and 12).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Trinh whose telephone number is (571) 272-4569.

The examiner can normally be reached on Monday -Thursday 8:00 am to 4:30 pm.
